S I R :

This is a second response to the final rejection mailed
August 4, 2009, the term for response to which ends on
November 4, 2009. Please amend the above-identified application
as set forth herein.

Amendments to the Claims are reflected in the listing of
claims which begin on page 3 of this paper. Only claims 12 and
14 are amended.

Applicants filed an Amendment under 37 CFR 1.116 on
October 20, 2009 which was not entered. The Advisory Action

dated November 4, 2009 states that the Amendment was not entered because claim 12 as amended therein is not in proper alternate format and therefore the application was not in condition for allowance. Claim 12 is amended herein to utilize the terminology suggested in said Advisory Action. The presently amended claim 14 is identical to claim 14 as amended on October 20, 2009 which was not objected to in the Advisory Action.

Remarks begin on page 7 of this paper.
